

"A New Generation on a Firm Foundation"

**“Radical Humility”**

“Are you two related?” Lloyd asked a couple as he often does during his message to expand on his point. As he asked it, they, as well as many of the people around them, erupted in laughter. He didn't know what was so funny until the woman exclaimed he's my ex-husband!!

This couple had been married for “19 years and 364 days” as she describes it. One day before their twentieth anniversary the divorce went through and he left her for another woman. For three days she lay in bed thinking life was over. She eventually was able to chose to go on with life with out her husband and did so for about 10 years. Two years ago they started dating again so that's how Lloyd ended up questioning a divorced couple who are sitting together in church.

We did a series of meetings at this couple's church starting with a Saturday night men's meeting where Lloyd speaks very directly to the men about purity and marriage. At the end of the meetings this man came to Lloyd and said, “If only you had told me what you said on Saturday 12 years ago. Things could have been so different”.

This is why we do what we do, to lift people out of the pit and give them hope that there's a better way,. After ministering at a larger church a pastor of pastors said to Lloyd, “This message needs to be heard in every church in America!” As you partner with us we can see this message go all across the land.

A Letter sent to us this past trip;

Just dropping an email to you and your lovely family to let you know how wonderful it was for our family to hear lots of what our Great and Mighty God is doing in your family's lives.

We are glad to have heard your message of humility. Faith, Radical humility, Extravagant Grace, and Extracting the poison. We know that all these work together, but the message of Radical Humility really stood out for both my husband and I. We discussed this on our way home this afternoon and this evening.

Thank you for blessing our family. We have and will pray for your family,

PS. Mercy triumphs over judgment

### China Trip Update (Here is a letter from our daughter Deanna, your support made this trip possible.)

Hey Family, tonight I attended the baptism of a guy whose first encounter with God was because of you guys. When you guys came and sang in China he said he felt the presence of God for the first time. (He had told Paul that if he experienced God's power three times he would give his life to Him.) The second time occurred while watching a Christian movie at someone's house. The third time, Paul told him that he could talk to God for himself, so he told God that if He would give him a girlfriend (LOL) that he would become a Christian.

Garrett playing the piano for Elise's song on our last tour. We will miss him. Only 3 children left on the road with us now as he's gone to study!

Anyway, a week later he had a girlfriend... that lasted a week. However, he took that as a sign from God that He had answered his prayer and showed him He is real. Haha! He had been thinking about it for quite some time and really understood the true meaning of beginning a relationship with God. He shared a testimony tonight about how his life has already changed and how he has true peace. He personally thanked me the other night because of you guys coming here and allowing him to encounter God. I just thought that would be an encouragement to you. I know it was to me. D.

(More invitations to other countries can be responded to with added support)
