

NEW generation MINISTRY

"A New Generation on a Firm Foundation"

Walk with me...

The steps of a good man are ordered by the Lord, and He delights in his way. Ps. 37:23

"If only I could get that Sunday booked." With little hope I tried one more church to fill the last Sunday morning of our tour. The lean financial month of December was looming large before me. The church was unavailable, a special speaker with a similar ministry was already scheduled there. I somehow knew it was more important for me to hear this speaker instead. After an unexpected bonus; lunch with the speaker, we came away inspired with renewed vision as to where God wants to take our ministry and sharpened tools to help us make it happen.

Feelings of inadequacy immediately overwhelmed me. When I mentioned this to the speaker he replied, "Get over yourself, its not about you." He was right, these are God's leadings, not mine.

Heading home we stopped overnight at a friend's home. After a full days drive I asked if we could go for a walk. As we walked around the camp ground, I relayed to him what God was showing me. It was so dark that I couldn't find my way, but my friend was familiar with the path so he showed me where to go. I saw this was a picture of how God wants to lead me. I've always asked God to walk with me but that night I realized God was calling me to walk with Him. He already knows the way.

Perhaps you're travelling through a dark place. The future is uncertain, you feel inadequate or you don't know the way. God is calling, "Won't you walk with Me?"

Take some time this season and determine in your heart to walk where He leads this coming year. Lloyd

Ministering in a Filipino Church December 2013

New Generation Schedule

December

- 29. The Gathering Place Pickering, ON
905-428-6888

ON 905-433-1983
- 30. RIDGEVIEW COMMUNITY CHURCH
London, ON 519-667-2268

You can see the open dates. Please pray we will be as busy as God wants us to be. Our heart is to work hard for HIM but we are looking for a few more open doors.

Pray with us for:

1. People who have responded to the message to continue the journey to freedom.
2. More people to partner with us.
3. Open doors and invitations
4. The truth shared in Lloyd's book to be a tool that sets many free.

Praise God with us for:

1. Lloyd's book is done except for the cover.
2. Safe travels!
3. Great results!

What has God done?

Mississauga, ON -This past Sunday, at a Filipino church, a lady invited her Hindu friend to come to the service. She had spent Wednesday fasting and praying for her friend's salvation. Not only did this Hindu friend come to church (something she had never done before) but she responded to the call for God to work in her life that day. Praise the Lord, God is at work!

Neepawa, MB

Three years ago, while ministering in Neepawa, I shared my testimony. A lady felt convicted of playing games on her computer every night. She responded at the end of the service to the call for freedom, became accountable and has now been free for 3 years.

Brandon, MB

A young man heard us in 2008. He responded to the message and began to deal with his addiction to porn. He never forgot those first few steps to freedom he took then and continues to carry the freedom tract we gave him in one of his jacket pockets. He had to go through some very deep waters and almost lost his marriage before finally getting completely free this past year. His response to the altar was the first time he'd responded to an altar call since being coerced to come forward as a teen. He swore he'd never go forward again. His journey to freedom took years but began with a small step in the right direction, toward God, His grace and His help.

We ran into both of these people while attending the seminar that we may have missed had I (Lloyd) gotten my way and found a booking. God allowed us to be in the right place at the right time to hear how the message of freedom has changed these lives. How encouraging to us to hear God's blessing on our work!

Your partnership helps people get free from addiction!

- Pastors constantly are amazed at how many respond.
- Your prayers are crucial in helping us fulfill the great commission.
- **Your financial gift is helping heal hurting broken people.**
- If they could meet you they would say, thank you for sending New Generation our way!
