

**“A New Generation on a Firm Foundation”**

*For those who are led by the Spirit of God, these are sons of God.*

*- Romans 8:14*

**R**omans 8:14- “For those who are led by the Spirit of God, these are sons of God.” Knowing this verse and living it are 2 different things. We’ve experienced the joyful reality of this verse on our winter tour. While we were part way through the tour, we were still weighing the economic sense (or nonsense) of taking the bus 3000 extra miles to Phoenix, Arizona for one church. We considered the option of Lloyd flying out there alone for the weekend while the rest of the family waited for him in Florida. The practical side of Lloyd said, “Don’t take the bus,” but another part said, “there’s more to ministry than economics.”

The cost was a stretch, but there were a few other factors weighing in. There was some of Lloyd’s family to visit with. After visiting them, one said, “I saw a family that loved each other and wasn’t in constant competition with each other. I have seen a side of Christianity that I didn’t see before. You are not full of hate for people who don’t believe like you do.” When they asked Kirsten about her faith and if they were going to go to hell if they didn’t go to church etc? Kirsten replied, “Jesus isn’t only for eternity, but for life now.” What an answer!

When we were in Phoenix, we were able spend some extensive time praying for inner healing and freedom from strongholds in 4 people’s lives! This would never have happened had only Lloyd flown there.

**Arriving at a beautiful rest area in AZ.**

Thanks to you partners who support us on an ongoing basis, this ministry was made possible. Many people were touched that I can’t mention specifically.

At the last minute (literally 2 days before leaving AZ) we booked Family Life Assembly of God. While we were there, eight people committed/recommitted to Christ, 25 people came forward for freedom from addiction and the offering there paid for the fuel to get home! This just goes to show, that if we trust God’s plan, He will always make a way.

# WHAT HAS GOD DONE?

Our hearts are continually thrilled as we see the power of God transform lives. Here are just some of the stories of people whose lives were touched on this tour:

## Inverness, FL

**We were able to** spend time doing prayer ministry with 2 women a few days after having ministered at their church. They both had serious issues that were affecting them in their walk with God. A few weeks after we had left that area, Lloyd called the pastor to see how they were doing. The report came back that there had been a radical change in their emotional well-being.

## Phoenix, AZ

**Gary said,** "I was still carrying stuff with me!" Lloyd walked by him Sunday and said, "Something is going on here!" On Monday while going home from work he turned off the highway "by accident,"—"Hopefully they'll be gone," he thought. After spending two hours talking to Lloyd he decided to come again the next night. The next night and prayed with Cathy and Lloyd for an hour and a half, and got some real healing from many issues in his life. He felt that holding on to his "stuff" caused *physical* sickness in his own body.

One man we prayed with wrote in an email- "I want to share with you that I have found freedom from the bondage of the lies that had consumed me. You have been instrumental in bringing me back to Christ."

**Amazing service at Family Church in Phoenix AZ**

**Gary from Phoenix had the Lord put a smile on his face!**

**Without your help** we could not have gone to these people's cities. The time we spent with them, seeing them receive truth and God renewing their minds, was made possible by your gifts. Thank you for partnering with us!

- **Your financial gift is helping heal hurting broken people.**
- **Your prayers are what keep us from getting discouraged when things don't go right!**

## Pickering ON.

**A twelve year old boy said,** "I thought it was a great sermon. Most sermons are just targeted towards the adults, but this sermon was targeted to everyone with humor, yet still contained the facts. It was really good for everyone and connected with everyone in that service, not just the adults."
