## "A New Generation on a Firm Foundation"

*"The Lord reigns forever, your God, O Zion, for all generations. Praise the Lord."  
- Psalm 146:10*

**We recently received an email** with this testimony after listening to the song sung by Cathy, "Our God Reigns Here". We were so encouraged to hear how God was using us to touch lives, even through the internet on the other side of the world, that we wanted to share the story with you.

At the moment my life has been sidetracked a little, starting with a broken ankle 5 weeks ago and progressing with quite severe back pains, originating from deformities from my previous car accident 9 years ago (when my father died) This aggravated by my immobility through this present ankle fracture.

My back pains were accompanied with severe nerve pains that appeared to travel through my whole body. I have seen a chiropractor and my GP who has given me a whole lot of medication and suggested acupuncture. So far the pain has improved, but the nerve pains continued and appeared to get worse every day, preventing me from sleeping and increasing my anxiety.

In July I got a new job in which I travel (4 weeks on 4 weeks off) to a remote Aboriginal community in Western Australia, working as a Child Health Nurse. Of course this has all come to a halt and the future looking a little unsure.

My husband, Marcel, prayed for me a couple of nights ago and set me up with worship music to listen to to get me through the night without anxiety getting the better of me.

Yesterday I came across Cathy's newly recorded song. I read through the words and whispered the words with Cathy as a faith proclamation. **Last night was my first night without nerve pain and I slept soundly for 7 or 8 hours.** Currently my back pain comes back as my medication wears off, but the nerve pains so far have stopped. I believe the Lord is healing me and once again guiding me to put my trust in Him and rebuke the enemy with His power.

May God continue to bless you and your family in your ministry!

- Christine

### Breakthrough!

An older man who had neglected his wife for years was saved at an older age. Unfortunately now, the pain from this caused his wife to not be interested in receiving affection from him. He was struggling with this situation but came forward in service. He reported to his pastor that he found a great breakthrough since talking and praying about this issue. Praise God for what HE is doing through this simple message!

### Men's breakfast in Kissimmee:

An older man told me, "What you spoke at that that breakfast caused me to do a hundred and eighty degree turn in my life. It's amazing! Thanks for what you do!"

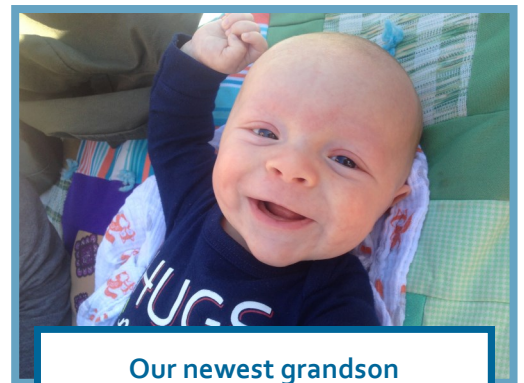

### An email book order of four "Journey to Freedom" books:

Lloyd - "Hi John\* ( name changed), I shipped the books today. Thanks for your order. How did you find out about the book?"

John - "It was given to me by one of your good friends. I spent 7 months in the "Pure Life" live in program and this is better than anything they had."

### More book feedback:

"I read your book in 2.5 hours. It was better than "Every Man's Battle." It was practical and it didn't trigger me." *Chuck*
