

NEWgeneration MINISTRY

Pray for us, too, that God will give us many opportunities to speak about his mysterious plan concerning Christ.
- Colossians 4:3a.

The Legacy we Follow....

It was great to be reunited with Cathy's parents as we ministered at their home church in Lakeland, FL. Our beginning years in ministry were spent with them, which were more years than we've been on our own. They were our mentors, our partners in working for God, our accountability, and our greatest fans! We're so grateful to them for demonstrating a life of integrity before us, for laying out the pathway for ministry ahead of us, and for teaching us the ropes.

It was an interesting feeling knowing my Dad was proud of his connections to the "guest speaker" when for so many years he was our leader. As the years go by our positions in life change, but may we never forget where we came from and to give honour where honour is due.

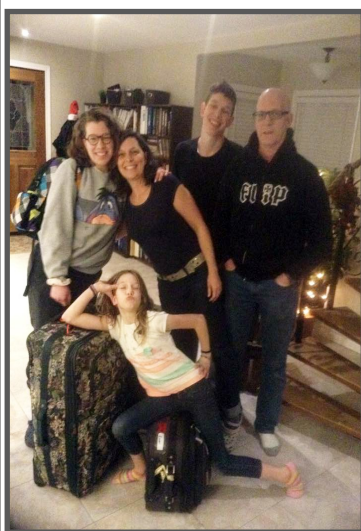

Once again, the reward for our labours was looking out across the full altar and seeing God's faithfulness as He brought many more to freedom!

We also ministered at a small church in Great Falls, SC where we have gone many times for the past 30 years. It was so encouraging to hear the Sunday School teacher say he had come to the Lord when we, as the Phillips Family, had ministered at his church years ago. Testimonies like that and many others are what gives us the energy and desire to keep going! May God bless you for partnering with us.

WHAT HAS GOD DONE?

My ride was a divine appointment!

I needed a ride from Orlando to Kissimmee a few weeks ago. I used a modern taxi type service for the first time. The guy asked me about what I did for a living. I told him, "I teach people how to get free from addiction". He asked what kind of addiction I had overcome and I told him. He shared with me how he struggled with the same thing and how it was discouraging to him.

I shared my story of how I was struggling for years with pornography and how God through His grace, used His Word to set me free. He listened intently and then said, "I turned down 3 trips to get you as my passenger. I didn't know why as you never turn down a trip. Now I know why!"

I shared the 3 principles I've taught for about 15 years now: #1. I must believe the **Word**. Romans 6:12 says, I'm no longer a slave. I need to get rid of my slave mentality. #2. I've got to **humble** myself. God gives help (grace) to humble people, but sets Himself against the proud, James 4:6. #3. It's up to **You**, Lloyd. You have to get the poison out of your life. My poison was the TV. I got rid of the cable, etc years ago. He got very quiet and I was able to pray for him.

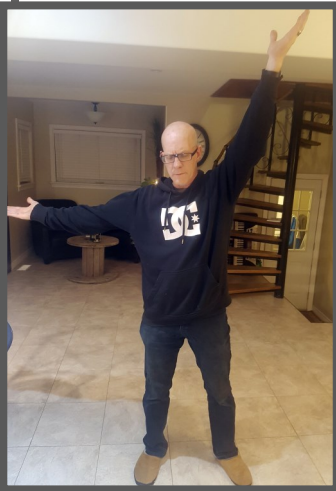

This is my passion, friends, to help people get

free from strongholds, addictions, hang-ups and bad habits. Your prayers and support enable us to continue this type of ministry. Thanks so much for each of you!

Cathy singing "Our God reigns here"
A powerful song about our position in Christ!

The posture we need. One hand holding the needs of people, the other releasing them to the Father.

The idler pulley that lost all its ball bearings but never failed on the van. Those two pieces should be together but fell apart as Lloyd replaced this part. We travelled over 300 miles like this and we never broke down. Wow!

Pray with us for...

1. Continued safety on the roads as we travel.
2. Deanna and Drew as they battle depression and integration back into the western culture after many years abroad in missions
3. Open doors of ministry opportunity for us.
4. Kirsten as she continues her Discipleship Training School in Australia. She is growing in her faith as she is stretched. Sometimes the struggle is intense!

Praise God with us for...

1. A safe trip down south in January as the weather was terrible from Erie PA to Pittsburg PA. At one point the bus was sliding when Lloyd applied the brakes but thankfully we found traction again and an accident was avoided. A tow truck was in the fast lane of the interstate pulling a car from the ditch. It was snowing bad. Visibility was very poor.
