

Winter 2019

"I don't think I would be where I am today had I not asked Cathy for the prayer time."

Lac Du Bonnet, MB. A woman was struggling to get over multiple deaths in her life, particularly the tragic death of her boss. Sunday morning after church she asked if Cathy would do Transformation Prayer with her later that week.

After praying with Cathy to find her core belief that caused the pain, she offered that belief to God and He gave her peace. Very soon after the session she came face to face with an experience that would have triggered her pain deeply. She said she didn't even feel it, just peace! It brought back the memory but not the pain. She was very excited to see how God had brought truth to her troubled heart.

Great response in Edmonton, AB

We called her Nov 29th, 2.5 months later for an update. Here's what she said, "I'm not torn up anymore. There is no pain or crippling fear when the same situation occurs again. I had begun to doubt if anything had happened. The lie I believed before was that God wasn't with me all the time. I am now consciously aware of the presence of the Holy Spirit. Dealing with the lie prepared me for things that were coming. There is a continuation of the growth that began there.

It's given me a confidence to walk forward with the Lord. I was able to take scripture and personalize it for me.

I now choose to obey the Holy Spirit and not my sinful nature. I don't think I would be where I am today had I not asked Cathy for the prayer time. God has blessed my relationships as well."

Her final words, "Counseling is more like head knowledge. Transformation Prayer gets the truth into your soul and spirit."

Okotoks, AB "Something broke as I worshipped."

One lady said, "Thank you so much for worship. I don't remember ever losing myself in worship like that. I was singing my heart out back there, and I think something broke as I worshipped."

FAMILY AND MINISTRY UPDATES!

BUS FIRE OCT 2019

While traveling from Claresholm, Alberta to Wisconsin Dells, WI the bus batteries caught on fire. We were at a rest area just outside Menomonie WI taking a break when we "happened" to step outside to get some fresh air for a minute. Lloyd looked to the back of the bus when he noticed smoke billowing from the engine compartment. Running to get the fire extinguisher (he'd never used in 11 years) trying desperately to remember where it was. Once Lloyd found it he had the fire out in moments. He was literally shaking with shock once the fire was out. Seven hours later, with four new batteries, cables, battery equalizer and a few (melted) airline repairs we were back on the road. Thank God we didn't have the fire while we were driving.

Pray with us for...

1. Open tour dates filled with God's plans.
2. Fresh power and grace from the Father to do his will and work with a great attitude.
3. Mechanical fitness in the vehicles, safety on the roads, unity in the family and God's grace in all we do.

Praise God with us for...

1. Someone in AB, Canada offered to pay our fuel costs for the next year!
2. Though the bus caught on fire in Menomonie, WI. we were not injured. The bus was not seriously damaged and Lloyd was able to fix it for about 500USD.
