

Summer 2020

Greetings from our home in Paris, ON.

It has been very warm here for the last few weeks. The grass was like straw, dead and brown. One day of rain immediately brought back the green. This reminds me of how we can sometimes get so dry in our hearts, someone gives us a word of encouragement, and we are ready to go again.

I've also been working on a podcast to interview people who have overcome addiction. Please pray for me about this, it is a very stretching experience as I've never done anything like this before.

Cathy has started a vegetable garden for the first time. She's never been home long enough to maintain a garden like this and is really enjoying it. Cathy's also continuing to learn how to better pray with others in a transformative way. We've seen and heard good reports from people she's prayed with and who've benefitted from it. We've been blessed by this teaching. If you are interested in having her do prayer ministry with you virtually you can email us for an appointment. You can learn about it at <https://www.transformationprayer.org/> Click on the "introduction" link and watch the video.

Cathy and I celebrated 35 years of marriage July 13th, 2020. We spent the day together overlooking Lake Erie and had dinner on the river, in our home-town, at a place called "Still Waters". The water is so relaxing and peaceful. It reminds me of Psalm 23, "He leads me beside the still waters, He restores my soul". This summer has been a slower paced season where we've had time to seek those "still waters" to allow God to "restore our souls".

I (Lloyd) have been working with an editor to re-write my book and hopefully build a 6-8 part video series on top of that as was suggested by our district superintendent.

God knows...

I make a plan and it goes another way. I make another plan, it goes out the window. The verse that comes to mind is, "We can make our plans, but the LORD determines our steps." Proverbs 16:9 NLT

The bus is now all repaired. It is great to have that work behind me. We are very thankful that \$3000.00 of the \$5500.00 came in to help with the repairs. One young man who is disabled sent us \$10.00. This was very humbling to us, it made me tear up. I am amazed how some of the least able (financially) are sometimes so generous.

We're not able to conduct our regular meetings or to enter the USA where most of our meetings are scheduled as the border is closed to non-essential travel. We are not deemed "essential" workers, although, it's interesting to note what is deemed essential in today's world...

The future is not clear to us but we are very confident in the Lord who holds our lives in His hands. He is faithful, He who called us. He has kept us in His care for 35 years and we know He is able to continue to lead even when the path is uncertain to us. God is supplying our needs personally. We have not missed a meal or any of our obligations and are blessed in many, many ways.

We appreciate each one of you and pray God's richest blessings on you, your families and loved ones. May the Lord bless you, and keep you, make his face shine upon you and be gracious unto you and give you peace.
